

FOX FILTRATION

Mfr'd by Filtration Technologies, L.L.C.

Fox Filtration a division of Filtration Technologies L.L.C. specializes in one business, providing high quality liquid, gas and air filtration and separation products to industry.

Fox brand filters are utilized in the manufacturing or treatment of Chemicals, Oils, Fluids, Air and Gases as well as all plant support equipment including Compressors, Lubrication systems, Instrumentation, Pneumatic systems and Cooling towers. We are proud to offer the broadest range of filtration and separation products and equipment in the industry.

Mfr'd by Filtration Technologies, L.L.C.

Replacement
Filter Elements
For
Over 500,000
Different
Model
Numbers.

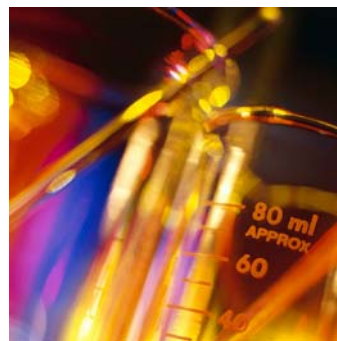

From providing you with the finest quality stock filters to helping you find solutions to your most demanding needs, there is no filtration problem that we can not help you solve. Whether one of our stock filters will fill your need or a custom filter is required, you can be assured of prompt delivery and the highest quality product at the best possible cost

We can customize order processing and subsequent labeling, Invoicing and related documentation to meet your specific needs.

Orders can be placed by e-mail, phone, mail, fax, Internet or EDI. Mastercard, Visa and American Express are also accepted.

With Fox Filtration you can be assured of getting,

The Right Filter
At The Right Time
Every Time!

We export all over the world.

Our export experience allows us to provide superior service, quality and a competitive price.

Fox Filtration Offers The Broadest Range of Filtration Products and Equipment In The industry.

Custom Filter Design and Manufacture

We design and manufacture cartridges for many Original Equipment Manufacturers and for a wide number of industrial applications. Our years of experience enable us to offer a custom designed filter to meet your most stringent requirements.

Markets Served:

Chemical
Petrochemical
Medical / Biopharmaceutical
Food and Beverage
Microelectronics
Power Plants/ Power Generation
Metalworking
Mining
Marine
Plastics manufacturing
Automotive
Construction
Process Control
Oil & Gas Pipeline
Pulp and Paper
Paints, Inks, & Coatings
Machine Tools
Semiconductor manufacturing
Manufacturing
Industrial Machinery
Fuel Dispensing
Engines
Mobil Equipment
Polymer manufacturing
Environmental

Distributor Inquiries Welcome.

We are looking for distributors for select segments of our product line.

Please contact us if your company is interested in developing a business relationship.

Meeting The Filtration Needs of the Most Demanding Industries

LIQUID FILTERS

- Wound Cartridges
- Filter Bags
- Resin Bonded Fiber Filters
- Pleated Filters
- Melt Blown Polypropylene
- Metal Filters
- Membrane Filters
- Water Filters

MICROFILTRATION CARTRIDGES AND CAPSULES

- Polypropylene Filters
- PTFE Membrane
- Polyethersulfone Membrane
- Polypropylene Membrane
- Capsules, all configurations
- High Purity Gas Filters
